Dear Prof. Ochs,

We are delighted to inform you that your contribution(s)

- »On the Missing Diagrams in Category Theory« ([Download here](#))

have been published online-first on our publication platform SpringerLink.

With this link you will be able to

- Access your chapter on SpringerLink
- See how to cite your chapter

Please also check:

[Handbook of Abductive Cognition \(Living Reference\) on SpringerLink](#)
[all Major Reference Works on SpringerLink](#)

The links in this email give you direct access (unless you are an editor).

If you are an editor or if you have a password you can log into <https://meteor.springer.com>. Click "(Re)set password" if you have forgotten your password.

Please do not forward this e-mail to anyone: The link above contains your personal key to our publication platform SpringerLink, which should not be shared with anyone.

We will also send out a copy of this email to your co-authors (if there are any).

Best wishes

The Springer Reference Editorial Team

Please feel free to tweet and post about your published contribution on Twitter and Facebook. Tag our accounts and we'll share with our followers.
